*Witty Ideas and Inventions*

- Father, I thank you for witty ideas and inventions so I can create them and put them in the marketplace to make Kingdom finances, regardless of the economy of this world!
- I’m going to live according to heaven’s economy, so send down the witty ideas and inventions!
- And I thank you Father for revelation, for showing me who You are!
- I want more, so catch me up whenever You’re ready! *(be serious about this)*
- Whenever You’re ready, You have permission to catch me up and show me heaven, so I can share Your love and Your truth with others.
- Amen
